Louisville, Ky.

Title above fire proof Warehouse is much enlarged and is doing a fine business. Our receiptabave been apwards of 10.000 hog-shends since the opening of our house—list of October, 1851—and eur sales have been very satisfactory. Our mode of selting is as follows, viz: Every hogsbead that up and sold on its own merits, and after the sale it is with the owner to confirm or recet the same, at his pleasure. One Buttar per longstead covers all charges to the owner, after its arrival at the warehouse and he receives his money at the warehouse office as soon as the bills can be made out. We are prepared to pay all charges on Tobacco consigned to us, and hold stanblect to the instructions of the owner.

This warehouse is now doing the most extensive business of any Tobacco warehouse in Realucky, and we pledge ourselves to attend strictly and prompily to all Tobacco entrusted to our care; and we refer to our past year's bissiness—merchants, shippers, and planters generally.

Purposes.

Physicians, Druggists and invalids have of a read the almost impossibility. Pure Wines and Liquors, for Medicinal Purposes.

DHYSICIANS, Draggists and Invalids have often experise enced the almost impossibility of procuring a pure wine or liquor in the country, when it becomes necessary to use it for the restoration of health. The arrangements of the Greefenburg Company for the purpose of guarding spainst funceition and adulteration, both in Europe and this country, are complete, and may bothle bearing their seql, may be regarded as unquestionably pure and unadulterated.

In importing from New York what is presented to be the purest article of Port Wine and Brandy,

hat has been offered for sate in the city, thembseriber has not been governed by motives of pecuniary interest.

He therefore offers these articles in cases of ONE BOZEN EACH at New York prices, viz: \$12 peniesen.

TO THE FARMERS OF TENNESSEE.

THE undersigned having procured the exclusive right to this State, afters forsale, First Premi um Machine:
MANNY'S PATENT ADJUSTABLE NOOTHERS ILLINOIS REAFER AND MOWER.

Awarded the first premium for mowing, and the second for reaping, in the New York State Fair, in the great trief at Geneva and New York, in July, in competition with cloven other Machines; awarded a Silver Medicat the Ohio State Fair for the best respect and mower, and received the highest award at the Vermont and Michigan State Fairs, forthe best reaping and mowing machine.

The true merit of lifts Machine has given it a great triumph over all others, and being a perfect combination of a Reaper and Mower, it comes to the farmer with double value; and it is clearly demonstrated to be the only successful combination of Reaper and Mower.

As a mower it is simple and as perfect as though constructed expressly for mowing, and as a Reaper it is as simple and perfect as if constructed for reaping only—slit the change that is necessary from one plan to the other, is to insert ar removes a loose platform.

With a pair of horses, one dreer, the Machine will mow from 15 to 29 acres per day, depending on the ground. It will reap the same quantity requiring two hands, in running over broken ground. The driver can lower or clevate as he may choose.

The price of the Machine, delivered at Neshville, Section or they will, if ordered, he delivered at Mamphis, or any point on the Mississippi, between there and Mill's Point, or at any point on Cumberland river, between the State line and Nashville, on at Unitarnouga, or at any point between there and Nashville, on the failing of a state line and Respect time to bring them on, all who wish to procure one for the next season, would do well to address me as soon as convenient, at Nashville.

MEDICAL DR ARNOLD'S UNION PILLS.

DS. ARNOLD'S UNION PILLS.

On. Aurota—Draw Sin—I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatily troubled with dispensia, and constipation of the bowels; at times clarming me greatily. I used every other reresdy, almost that I ever read or head of for the disease, at I without the least beneficial effect. I had almost come to the belief, that it was useless to try any more, as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my neighbors speak no frequently of the beneficial effects of your Union Pills. I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or sujoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills I wave done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever—at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, have had the most happy effect. I shall always keep a supply of your Pills on hand, and I think that no one, heboring as I have undergreat dehility and dyspepsia, with all the evil consequences, but what would, after a use of your medicines, join me in saying the same of them.

The following commendation is from an agent ing at Trenton. Tennessee. Tagsros, Gibson County, Tenn., Nov. 7, 1348.

Messrs, Scovit & Muan—Gentlemen: The Hebrew Plaster is becoming ρομοιαν in this section. There is a lady in

ter is becoming popular in this section. There is a lady in this county who says she would not be without this Plaster for five hundred dollars a year. She was afflicted for some time with an enlargement of the splean, which gave her a great deal of pain. The swelling and pain had extended up nearly to the amepit, and occasionally she could scarcely breathe. She was confined for a considerate time, during which she was attended by some of our best physicians, but they gave her no relief. She procured a box of the He-brew Plaster, and it relieved her almost immidately, and now she keeps a supply of it on band constantly. These facts you are at liberty to use as you think proper—they are facts you are at liberty to use as you think proper—they are substantially true.

REAT CUBE FOR DYSPEPSIA :- ANOTHER SCIEN DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE, PREPARED from Rennet, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Phy-siclogical Chemist, by J. S. Houghton, M. D., Philadelphia,

Penn.

This is a truly wonderful remedy for Indigestion, Dyspesia, Jamelice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, the Gastrie Juice. the Gastric Juice.

Half a tea-spoonful of Pepsin, infused in water, will digest or dissolve five pounds of roast boef in about two hours, out

of the stomach.

Pepsin is the chief element or digesting principle of the Gastric Juice—the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive fluid precisely like the natural Gastric-Juice in its chemical powers, and furnishing a complete and parfect substitute for it. By the sid of this proporation, the pains and evils of indigestion and Dyspepsia are removed just as they would be by a healthy stomach. It is doing wonders for dyspeptics, during cases of bability, Emaciation, Nervous Decline and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based is in the highest degree curious and remarkable.

Scientific Evidence.—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous negative of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be a measurement of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be a measurement of the stomach of the ox, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be a proportion.

gith this complaint, finding every thing else to fail, had recourse to the Gastrie Juice, obtained from the stomachs of living snimals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impart to the fland the property of dissolving versions articles of food, and of infecting a kind of artificial digertion of them in no wise, of ferent from the natural dignostive proces."

Dr. Simon's great work, the "Chemistry of Man," Lee & Blanchard, Philadelphia, 1848, pp. 321-1, says: "The discovery of Pensin forms a new one in the chemical history of digestion. From recent experiments we know that food is dissolved as rapidly in an artitletal digestive fluid, prepared from Pensin, as it is in the natural Gastrie Juice isself."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more time fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastria Juice obtained from the living luman stomach, and from mimals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestice.

Dr. John W. Draper, Professor of Chemistry in the College of the University of New York, in his "Fext Book of Clemistry," page 3:0, says: "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be:

Dr. Carpenter's standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, to specifing the remarkable digestive power of Pensin, and the fact that it may be resultly separated from the source of the colleges, is full of evidence similar to the above, to specify the remarkable digestive power of Pensin, and the fact that it may be resultly separated from the source of the confliction of the Gastrie Juice.

The fact that an Artificial Digestive Finid, or Gastrie Jurce, perfectly resembling the natural fluid, may be readily perpared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggestioned to the

with intemperance.

Old Stomach Complaints,—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. So matter boy bud it may be, it gives mestant relief! A single does removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood and vigor of body follow at once. various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach.

Dr. Preirs, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 25, states the same great fact, and describes the method of preparatiso. There are few higher authorities than Dr. Priers.

Dr. Comba, in his valuable writings on the "Paysiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a preminent and all-prevailing cause of Dyspepsia;" and he states that "a disinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting ctails respecting it. The fact that an Artificial Digestive Fluid, or Gastric Juice,

mind.

As a Dyspepsia Curer, Dr. Houghton's Penain has produced the most marvellous effects, in cases of Dabidity, Emaciation, Nervous Decline, and Despeptic Consumption. It is unpenable to give the datalis of cases in the limits of this advertisement; but ambenticated certificates have been given of more than two hundred remarkable cures, in Palladelphin, New York and Rooten alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great nervous antidote, and particularly useful for tendency to Bibias Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digostive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles bealth with interparance.
